

Dates	Institution	Research	Leader/Researcher	Research
2011.10	Royal Botanic Gardens, Kew, Herbarium	Opening of the new Buffelskloof Herbarium	Dr David Goyder	2
2011.10	Bolus Herbarium, University of Cape Town	Opening of the new Buffelskloof Herbarium	Dr Muthama Muasya	1
2011.10	Haenertsburg	research for flower book	Sylvie Kremer-Köhne	1
2011.11	Princeton University, USA	Animal ecology	Dr Lyndon Estes	1
2011.11	Botanical Artists Association of South Africa (BAASA)		Gillian Condy	
2011.11	SANBI Pretoria	Writing and photographing for the Plant Families book.	Dr Marinda Koekemoer	1
2011.11	Umtamvuna Nature Reserve	using the herbarium for identifying plants?	Dr Graham Grieve	2
2011.11	Geo Potts Herbarium, Univ. Free State	new Petopentia (Apocynaceae)	Prof Johan Venter & Dr Andor Venter	2
2011.11	University of Cape Town	carrying out ecological work in the Reserve.	Dr Julia Wakeling	8
2011.12	Iziko Museum, Cape Town	Ant study; museum website featuring biological inventory for South Africa	Dr Hamish Robertson	4
2012.02	Royal Horticultural Society, Wisley, England	looking for Kniphofias	Christopher Whitehouse	1
2012.02	Royal Botanic Gardens, Kew, Herbarium	Indigofera taxonomy	Dr Brian Schrire	1
2012.02	University of KwaZulu-Natal, Pietermarizburg	collecting orchids?	Dr Florent Martos	2
2012.02	SANBI, Pretoria	working on the Plant Families book	Dr Marinda Koekemoer	3
				29
2012.03	SANBI, Pretoria (retired)	Curating BORAGINACEAE and VITACEAE at BNRH	Dr Elizabeth Retief	1
2012.03	University of Johannesburg	collection of over 100 specimens on Buffelskloof for the DNA Barcoding Project	Prof Michelle van der Bank	2
2012.03	University of Cape Town	Studying regenerating grasslands at Buffelskloof	Nick Zaloumis	2
2012.04	Wits School of Archaeology	Recce' for a future archaeological dig.	Tania Hattingh	4
2012.05	University of Free State, Bloemfontein	Brahms	Dr Ziets Zietsman	1
2012.05	University of Johannesburg	using BNR as a peaceful place to compile joint papers on phylogenetic studies on trees	Prof Michelle van der Bank	6
2012.06	University of Johannesburg	BNRH for 10 days to gain experience in herbarium management	Salome Malgas	1
2012.07	University of Cape Town	collecting the resurrection plant Craterostigma wilmsii	Claire Giovanelli	1
2012.08	SANBI, Pretoria	Curating CYPERACEAE, EUPHORBIACEAE and CELASTRACEAE at BNRH	Dr Clare Archer	2
2012.10	University of Pretoria	ecology studies at Buffelskloof?	Prof Mathieu Rouget	5
2012.10	Mpumalanga Tourism and Parks Agency	ArcGIS course	Dr John Schaeffer (Oregon, USA)	
2012.10	Whytethorn Herbarium	plant identification	Shane Burns & Douglas McMurtry	2
2012.11	Bolus Herbarium, University of Cape Town	Underground Trees Workshop	Dr Muthama Muasya	
2012.12	University of the Witwatersrand, Johannesburg	looking for Helichrysum ?odoratissimum for population genetic studies	Dr Glynis Goodman-Cron	2
2012.12	Royal Botanic Gardens, Kew	Indigofera research	Dr Brian Schrire	1
2013.01	Royal Horticultural Society, Wisley, England	looking for ?Agapanthus	Oliver Wilkins	2
2013.01	Rhodes University, Grahamstown	?looking for swallowtails?	Götz Neef	1
2013.02	Dept. Agriculture, Forestry & Fisheries	looking for indigenous plants with economic potential	Nkat Maluleke	2
				35
2013.04	BNR Herbarium	BRAHMS for beginners!	Barbara Turpin	
2013.04	University of Pretoria		Dr Michelle Greve	6
2013.05	Plant Specialist Group, Mpumalanga	1st Biannual Workshop	John Burrows	
2013.06	Pvt consultant	plant identification	Stephen Hardy	1
2013.09	University of KwaZulu-Natal, Pietermarizburg	studying the taxonomy of Memecylon	Dr Douglas Stone	1
2013.10	SANBI, Natal Herbarium, Durban	Xerophyta study	Dr Neil Crouch	1
2013.10	Plant Specialist Group, Mpumalanga	2nd Biannual Workshop	John Burrows	
2013.11	University of Johannesburg	DNA sampling for African DNA Barcoding project	Prof Michelle van der Bank	12
2013.11	Umtamvuna Nature Reserve	using the herbarium to identify plants	Dr Graham Grieve	2
2013.12	University of Pretoria	Study/sampling nitrogen-fixing bacteria in indigenous legumes	Prof. Fanus Venter	9
2013.12	University of Johannesburg	DNA sampling for African DNA Barcoding project	Prof Michelle van der Bank	12
2013.12	University of Free State, Bloemfontein	Pollination studies of Cryptolepis on Buffelskloof NR	Linde de Jager	2
2014.01	Wageningen Herbarium, Netherlands		Jan Wieringa	2
2014.01	IIAM, Maputo		Hermenegildo Matimele	1
2014.02	University of KwaZulu-Natal, Durban	?	Bruce Page	
2014.02	Mpumalanga Tourism and Parks Agency	10-day ArcGIS Course for MTPA scientists	Dr Mervyn Lötter	
				49

2014.03	Wits School of Archaeology	studying climate change using carbon isotopes in tree rings – and the effects that climate	Dr Alex Schoeman	4
2014.03	Tony de Castro, Environmental Consultant	Discussing with JE Burrows plants in Mozambique		1
2014.03	Drs Kate & Graham Grieve	Using the Herbarium to identify plants		2
2014.03	North-west University, Potchefstroom	Brassicaceae	Melissa Andriessen	3
2014.03	University of Edinburgh	Petalidium (Acanthaceae)	Dr Kyle Dexter	2
2014.04	Universities of Pretoria and KZN - Pietermaritzburg		Prof Mathieu Rouget and dr Michelle Gr	6
2014.04	University of Free State, Bloemfontein	?	Prof Johan Venter & Dr Andor Venter	4
2014.04	Rhodes University, Grahamstown	BRAHMS help	Dr V Ralph Clark	1
2014.05	Walter Sisulu National Botanical Gardens & MSBP	Plant collection for seed bank?	Mandiso Kondlo	4
2014.06	Wits School of Archaeology	Excavating Iron-smelting Site, Old Gum Block	Dr Alex Schoeman	7
2014.06	SANBI	Red-Data Workshop for Mozambique	Domitilla Raimondo	9
2014.06	University of Limpopo	Psychotria studies on Buffelskloof and elsewhere	Dr Bronwyn Egan	2
2014.07	Buffelskloof NR	2nd BRAHMS Database Course for Beginners	Barbara Turpin	
2014.08	University of Johannesburg	Scanning of BNRH specimens for African DNA Barcoding Project		2
2014.10	SANBI, Pretoria	Painting Ochra from Buffelskloof NR	Gillian Condy	1
2014.10		Discussing a new book with JE & SM Burrows	Elsa Pooley	1
2014.10	Museum of Natural History, Oslo, Norway	Studying lichens	Prof. Einar Timdal	1
2014.10	Museum of Natural History, Oslo, Norway	Studying monocots	Prof. Brita Stedje	1
2014.10	Walter Sisulu National Botanical Gardens	studying the genus <i>Ledebouria</i>	Andrew Hankey	4
2014.10	SANBI, Pretoria	collecting seed for the gardens	Lufuno Konanani & Malesolo Magoele	8
2014.10	Plant Specialist Group, Mpumalanga	Biannual Workshop	John Burrows	
2014.11	University of Pretoria	Chemistry of Helichrysum	Simin Emamzadeh-Yazdi	2
2014.11	School of Conservation Biology, University of Cape Town	Working on MSc thesis 'The Maputaland Centre of Endemism' for 3 weeks	Hermenegildo Matimele	1
2014.12	IIAM, Maputo	Studying for MSc?	Hermenegildo Matimele	1
2015.01	Rhodes University, Grahamstown		Dr V Ralph Clark	3
2015.01	Compton Herbarium, Kirstenbosch	Collecting Alepidea and Tephrosia species	Dr Anthony Magee	4
2015.02	University of Johannesburg	Collecting specimens for DNA Barcoding Project	Prof Michelle van der Bank	8
2015.02	SA Botanical Society, Lowveld Branch	to view educational facilities and herbarium at Buffelskloof NR	Frank Webb	
				82
2015.03	University of Cape Town	collecting Xerophyta viscosa for gene-splicing work	Dr Astrid Radermacher	2
2015.03	University of Free State, Bloemfontein	Collecting Crabbea and Periplocaceae on BKNR and elsewhere in Mpumalanga	Dr Lize Joubert	3
2015.03	University of Pretoria	monitoring and setting out transects on BKNR	Dr Michelle Greve	8
2015.03	North-west University, Potchefstroom	surveying lichens on BKNR	Prof. Stefan Siebert	2
2015.04	Kirstenbosch National Botanical Gardens		Dr Ernst van Jaarsveld	4
2015.04	Tony de Castro, Environmental Consultant	using the herbarium to identify plants		1
2015.05	University of Cape Town		Hermenegildo Matimele	2
2015.05	Plant Specialist Group, Mpumalanga	Biannual Workshop		
2015.05	Kunming Institute of Botany, Chinese Academy of Sciences	Collecting seeds at Buffelskloof and elsewhere?	Lian-ming Gao	3
2015.07	Tswalu Kalahari Game Reserve	to view the herbarium at Buffelskloof as a model for establishing one at Tswalu	Duncan Macfadyen	3
2015.08	University of Pretoria	Birds & Bushclumps project	Dr Michelle Greve	2
2015.09	University of Cape Town	collecting DNA samples of Myrothamnus flabellifolius	Joanne Bentley	2
2015.09	School of Conservation Biology, University of Cape Town	Working on MSc thesis 'The Maputaland Centre of Endemism' for 4 days	Hermenegildo Matimele	1
2015.11	Escarpment Bird Club	Bird Atlasing?	George Skinner	
2015.11	University of Alicante, Spain	?	Alejandro Terrones	1
2015.12	University of Pretoria	Phytochemistry of Helichrysum	Simin Emamzadeh-Yazdi	2
2016.01	University of Pretoria	Birds & Bushclumps project	Dr Michelle Greve	5
2016.01	University of KwaZulu-Natal, Pietermaritzburg	studying orchids at Buffelskloof and elsewhere in Mpumalanga	Dr Benny Bytebier	2
2016.01	North-west University, Potchefstroom	A National Geographic-funded project on lichens; at least one 'species' they found at BKNR	Dr Stefan Siebert	6
2016.02	School of Conservation Biology, University of Cape Town		Hermenegildo Matimele	2
2016.02	Tonteldoos Conservancy	to view the reserve and herbarium at Buffelskloof - donated a microscope to the herbarium	Chris Lenferna	
				51
2016.03	Dept. of Pharmaceutical Science, Tshwane University of Technology		Prof Alvaro Viljoen	4

2016.04	University of Pretoria	Birds & Bushclumps project	Samantha Jamison	1	
2016.04	Maputo, Mozambique	Using the Herbarium to identify plants; donated 50 specimens to BNRH	Dr Tracey Parker	2	
2016.04	University of Free State, Bloemfontein	Viewing the new distribution record of <i>Petopentia natalensis</i>	Prof Johan Venter & Dr Andor Venter	2	
2016.04	School of Conservation Biology, University of Cape Town	Working on scientific papers & presentations	Hermenegildo Matimele	2	
2016.05	SANBI, Pretoria	Grass identification at BNRH	Lyn Fish	1	
2016.05	Royal Botanic Gardens, Kew	Acanthaceae identifications	Dr. Iain Darbyshire		
2016.05	Plant Specialist Group, Mpumalanga	7th Biannual Workshop	John Burrows		
2016.05	University of the Witwatersrand, Johannesburg	Aloe pollination studies?	Dr Glynis Goodman-Cron	3	
2016.05		Mozambique Red-listing Workshop	Hermenegildo Matimele	8	
2016.06	University of Free State, Bloemfontein	A 'recce' for Adriaan's MSc project on the ecology of the Berg adder based on BKNR	Adriaan Jordaan	4	
2016.07	University of Pretoria	Birds & Bushclumps project	Dr Michelle Greve	4	
2016.07	University of Cape Town	<i>Myrothamnus flabellifolius</i> and ?Xerophyta	Joanne Bentley	2	
2016.08	Royal Botanic Gardens, Edinburgh, Scotland		Prof Pete Hollingsworth	2	
2016.10	University of Free State, Bloemfontein	Herpetologists' visit to BKNR; Adriaan continued his monitoring of Beg adders for 14 days	Adriaan Jordaan	9	
2016.10	SANBI, Pretoria	studying the taxonomy of <i>Thesium</i>	Dr Marianne le Roux	2	
2016.10	Plant Specialist Group, Mpumalanga	8th Biannual Workshop	John Burrows		
2017.01	Botanical Gardens of Belgium, Meise	fern research & Mozambique trees	Bart Wursten & Petra Ballings	2	
2017.01	University of Pretoria	Birds & Bushclumps project	Dr Michelle Greve	3	
2017.01	Villanova University, PA, USA	herpetological research	Dr Aaron Bauer & Dr Luis Ceriaco	2	
2017.01	Pvt consultant	herpetological research	Dr Johan Marais	1	
2017.01	Tshwane University of Technology	medicinal plant collecting	Prof. Alvaro Viljoen	1	
				55	
2017.03	University of Pretoria	Birds & Bushclumps project	Samantha Jamison	3	
2017.04	University of Potchefstroom	BRAHMS training	Nanette van Staden & Denis Komape	2	
2017.04	Moss Herbarium, University of Witwatersrand	plant identification	Prof Kevin Balkwill	4	
2017.04	CREW	SANBI-CREW Summer Rainfall Workshop	Tilla raimondo & Suvarna Parbhoo		
2017.04	University of Cape Town	collecting material for Prof Jill Farrant research	Arno Duvenhage & Andri Kruger	2	
2017.05	Plant Specialist Group, Mpumalanga	9th Biannual Workshop	John Burrows		
2017.05	Nelson Mandela University, Port Elizabeth	plant identification	Prof. Eileen Cambell & Alice Massingue	2	
2017.06	Nelson Mandela University, Saasveld	alien fern survey	Emily Jones & Cyanne Yang	2	
2017.07	University of Cape Town	study of <i>Seriphium</i> (Asteraceae)	Dr Nicola Bergh & Zaynab Shaik	2	
2017.08	University of Pretoria	writing retreat	Prof. Mark Robertson		
2017.08	University of Limpopo	research on <i>Psychotria capensis</i>	Dr Bronwyn Egan	4	
2017.08	University of Pretoria	Birds in Bushclumps Project	Dr Michelle Greve & Sam Jamison	10	
2017.10	Plant Specialist Group, Mpumalanga	10th Biannual Workshop	John Burrows		
2017.12	Florida Museum of Natural History, USA	monograph on the genus <i>Memecylon</i>	Prabha Amarasinghe	1	
2017.12	University of KwaZulu-Natal, Pietermaritzburg	<i>Memecylon</i> taxonomy	Dr Doug Stone	1	
2018.01	SANBI, Pretoria	botanical illustration	Gillian Condy	1	
2018.01	Compton Herbarium/Univ. Western Cape	plant identification	Dr Anthony Magee & Dr Stephen Boatwright	5	
2018.01	University of KwaZulu-Natal, Pietermaritzburg	<i>Hesperanthes coccinea</i> , <i>Brunsvigia</i> pollination	Ruth Cozien	3	
2018.01	Compton Herbarium, Cape Town	plant identification	Drs John Manning & Dee Snijman	5	
2018.01	Kirstenbosch National Botanic Gardens	study of <i>Agapanthus</i>	Graham Duncan & Leigh Voigt	2	
2018.02	University KwaZulu-Natal, Pietermaritzburg	study of <i>Wurmbea</i> and <i>Croton</i>	Sachin Doarsamy	3	& Kiya
				52	
2018.03	Olomouc, Czech Republic	research on <i>Rubus</i> , and on fungi	Dr Michal Sochor & Zuzana Egertová	2	
2018.03	University of Pretoria	Birds & Bushclumps project	Bernard Olivier & Monique Botha	2
